**Cornelius Ryan, Kathryn Morgan Ryan : A Private Battle** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Private Battle:

6 of 6 people found the following review helpful. Not for the Faint of Heart!By Kindle CustomerI had to re-buy this book after giving mine away and I wanted to read it for the 3rd time. Cornelius Ryan was an excellent writer, especially about WWII. When he was diagnosed with Prostate Cancer, he decided to record what happened to him. He was brave, honest, and brutal in describing his fierce battle with the disease. I have had a couple of personal reasons for reading it---and for givng thanks that through PSA tests and biopsies---our menfolk do NOT have to endure what C. Ryan endured. A salute to a brave man and an excellent writer. I do not have any idea to whom I wouldd recommend this . I can only say it was a truly excellent, honest book.2 of 2 people found the following review helpful. Well written! What Cornelius Ryan life was after his ...By E. M. SalasWell written! What Cornelius Ryan life was after his cancer diagnosis, day after day until he passed away. His wife wrote about his last hours in this world.3 of 3 people found the following review helpful. CancerBy parkerAn incredibly written book compiled from diaries of M/M C Ryan during his bout with prostate cancer. I read this over twenty years ago and still remember it vividly. For those interested in first person accounts of dealing with severe illness this is a must.

Four years after his death, Ryan's struggle with cancer was detailed in A Private Battle, written by his wife, from notes he had secretly left behind for that purpose."Moving and astonishing. A deeply human book. Here is the story of a man's courage and a family's love in the face of terrifying odds.... A wonderful book - a masterwork." -- Philadelphia
