**Mistress Jessica : A Sissy is Not The Man of The House** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Sissy is Not The Man of The House:

Fooled by a sexy photo!!!By tallgirlI'm not in the mood to be mean, but anyone who buys this woeful attempt at erotica, is bound to be very disappointed. i assume that "Mistress Jessica" is a dude, because no woman would ever write something this juvenile or lacking of any sexuality. this pamphlet is something that might appear in a Penthouse Forum, but I'm willing to bet that they'd reject it also.

What happens when your husband admits he likes wearing your clothes more than his own. What would you do? Would you be ready to take control of the situation, would you be ready to put the pants on and put him in his new place, in panties and stockings. What other interesting and naughty things would you be willing to accept as you take on the mantle of the Man of the House.
