From Bettina E Schmidt : Anthropology of Violence and Conflict (European Association of Social Anthropologists) before purchasing it in order to gage whether or not it would be worth my time, and all praised Anthropology of Violence and Conflict (European Association of Social Anthropologists):

Anthropology of Violence has only recently developed into a field of research in its own right and as such it is still fairly fragmented. Anthropology of Violence and Conflict seeks to redress this fragmentation and develop a method of cross-cultural analysis. The study of important conflicts, such as wars in Sarajevo, Albania and Sri Lanka as well as numerous less publicised conflicts, all aim to create a theory of violence as cross-culturally applicable as possible.

Most importantly this volume uses the anthropology of violence as a tool to help in the possible prevention of violence and conflict in the world today.
