Duane R. Monette, Thomas J. Sullivan, Cornell R. DeJong : Applied Social Research: A Tool for the Human Services before purchasing it in order to gage whether or not it would be worth my time, and all praised Applied Social Research: A Tool for the Human Services:

0 of 0 people found the following review helpful. Great introduction to social work researchBy CrystalRequired reading for my MSW research class. This is a nice introductory book to a variety of research methods and some very low-level stats. It's a bit dry, but not bad. I read the entire book in about two weeks (crazy syllabus!) and learned a lot.0 of 0 people found the following review helpful. Great resource for counselorsBy Loven_beautyExcellent book. It was required for one of my classes for my master degree. It is full of great information to help you become more of a competent counselor.0 of 0 people found the following review helpful. Awesome!By Wayne CharlesThe textbook looks brand new for "acceptable". Awesome!

You may be wondering why you need to study research methods to prepare yourself for a career in human services.

This accessible text will help you to better understand the connection between human service research and practice. **APPLIED SOCIAL RESEARCH** brings the subject to life and explores how recent innovations in technology are affecting research methods and results. Available with InfoTrac Student Collections <http://goengage.com/infotrac>.

"An excellent and user-friendly guide to understanding social research, particularly for those students who are intimidated by research."
