U. S. Department of Homeland Security, Federal Emergency Management Agency : Are You Ready? An In-depth Guide to Citizen Preparedness before purchasing it in order to gage whether or not it would be worth my time, and all praised Are You Ready? An In-depth Guide to Citizen Preparedness:

This guide has been prepared for direct dissemination to the general public and is based on the most reliable hazard awareness and emergency education information available at the time of publication, including advances in scientific knowledge, more accurate technical language, and the latest physical research on what happens in disasters. This publication is, however, too brief to cover every factor, situation, or difference in buildings, infrastructure, or other environmental features that might be of interest. To help you explore your interest further, additional sources of

information have been included. The guide has been designed to help the citizens of this nation learn how to protect themselves and their families against all types of hazards. It can be used as a reference source or as a step-by-step manual. The focus of the content is on how to develop, practice, and maintain emergency plans that reflect what must be done before, during, and after a disaster to protect people and their property. Also included is information on how to assemble a disaster supplies kit that contains the food, water, and other supplies in sufficient quantity for individuals and their families to survive following a disaster in the event they must rely on their own resources. Are You Ready? is just one of many resources the Department of Homeland Security provides the citizens of this nation to help them be prepared against all types of hazards. The Department of Homeland Security's Ready Campaign seeks to help America be better prepared for even unlikely emergency scenarios.

About the Author The Federal Emergency Management Agency (FEMA) is an agency of the United States Department of Homeland Security. Its mission is to support US citizens and first responders to ensure that as a nation to build, sustain and improve citizens' capability to prepare for, protect against, respond to, recover from and mitigate all hazards.
