**William G. Loy : Atlas of Oregon, 2nd Ed** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Atlas of Oregon, 2nd Ed:

This authoritative and beautiful volume offers a detailed look at the history, geography, and people of Oregon. More

than 700 new maps are complemented by informative text exploring everything from the earliest settlers to the rise of Oregon vineyards to Portland's traffic jams. Newly updated by an award-winning team of geographers and map makers, it is both a work of art and a fascinating reference. The perfect gift for everyone who loves Oregon.
