Meri Marsh M.A., Peter Alagona Ph.D. : Barron's AP Human Geography Flash Cards, 2nd Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barron's AP Human Geography Flash Cards, 2nd Edition:

2 of 2 people found the following review helpful. Life-saving By Eunice C. I would actually give a 4.5, but it's a close 5. (Hopefully the same goes for my score! Ha!) The only problem is that there's an extra amount of information on some of the flashcards, and that could be advantageous if you read this two weeks, but, when you're cramming everything in the night before the actual AP exam, it's kind of a handful. For example, you could have the simplest word like agriculture, the flashcards would give the most complicated definition with examples that can be pretty hard to grasp (well, when you're scanning it). There is a total of around 420+ flashcards, and most of them are relevant for the exam. I really do recommend getting this as it actually does help. In fact, if you have a hard time sticking your nose in a book, much like me, you NEED to get this since it's basically everything from the Barron's AP book. The flashcards personally helped me for this year's AP exam. I'm usually a last minute studier, so studying half the flashcards two days before the exam and the other half the night before helped me in memorizing important topics along with examples, which is GREAT for when writing the free responses. (I also recommend getting the Princeton AP Human Geo book, it's easy to read, if you actually open it, and has a more casual style to it as they would add funny titles, probably to ensure that you continue reading.) 5 of 5 people found the following review

helpful. These are great!By angiefThese were a huge help to my daughter. She was making C's on tests in her AP Human Geography class and after the first test studying with these, she made a 95%. They're great at helping kids, especially those new to AP courses, organize their studying. I'll never let her tackle another AP class without them.3 of 3 people found the following review helpful. Scored a 5 without taking the classBy Rebecca McGrathOur son did not take the AP Human Geo class. He took four other AP classes and tests his junior year and only studied for the AP Human Geo test using these flash cards. He got a 5 (perfect score), and all the colleges we've checked will accept that for college credit.

A set of more than 420 flash cards presents frequently-asked questions that appear on the AP Human Geography exam, with terms defined and concepts explained on the reverse side of each card. Questions cover all test topics. The cards measure 4 1/2" x 2 3/4" and have a punch-hole in one corner that accommodates an enclosed metal key-ring-style card holder. The ring allows students to arrange flash cards in any sequence that suits their study needs. Here is a valuable study aid, whether used alone or in tandem with Barrons AP Human Geography test prep manual. **BONUS PRACTICE TEST:** Students who purchase this set of flash cards will also get **FREE** access to one full-length online AP Human Geography practice test with all questions answered and explained.

About the AuthorMeredith J. Marsh received her bachelors degree in geography from Calvin College in 1999, her Masters Degree in geography from the University of California, Santa Barbara (UCSB) in 2003, and her Ph.D. (also in geography) from UCSB in 2009. Meredith has worked as a Reader for the APHG exam in 2007, 2009, 2010, 2011, 2013, and 2014, and she is currently an associate professor of geography at Lindenwood University in St. Charles, Missouri.Peter S. Alagona is an assistant professor of history and environmental studies at the University of California, Santa Barbara. He holds an M.A. degree in geography from the University of California, Santa Barbara, and M.A. and Ph.D. degrees in history from the University of California, Los Angeles. He has also held academic positions at both Harvard and Stanford universities.
