Marcelo Diversi, Claudio Moreira : *Betweener Talk: Decolonizing Knowledge Production, Pedagogy, and Praxis (Qualitative Inquiry and Social Justice)* before purchasing it in order to gage whether or not it would be worth my time, and all praised *Betweener Talk: Decolonizing Knowledge Production, Pedagogy, and Praxis (Qualitative Inquiry and Social Justice)*:

0 of 0 people found the following review helpful. Five StarsBy Laura Ann ChubbLove the way the stories are well situated amongst research.0 of 0 people found the following review helpful. Nope!By BismelyToo much explaining to many references in between talk and too many things trying to be explained at once. Definitely a school book. If you don't need it for a class or something like that I don't recommend it!0 of 0 people found the following review helpful. A must read text for anyone seeking perspectives in decolonization ...By Sarah B. Shear, Ph.D.A must read text for anyone seeking perspectives in decolonization! This is an invaluable read, especially for those of us working within and against postcolonial theory.

In this literary, co-constructed narrative, two Brazilian scholars explore the spaces in-betweenbetween their own biographies, one raised privileged, the other poor; between the experience of being raised in Brazil and finding acceptance in United States universities; between their lives in the academic establishment and their studies of poverty in Latin America; between the constraints of apolitical scholarship and the need to promote social justice; between contrasting styles of researching, theorizing, and writing. Their dialogue seeks to decolonize the world of American scholarship and promote the use of research toward inclusive social justice.

"Their dialogical texts model forms of decolonizing praxis that empower persons by honoring their voices, their experiences, and their struggles for dignity. This powerful book opens the door for a new generation of critical inquiry."
--From the Foreword by Norman K. Denzin and Yvonna S. Lincoln
