Alan Travis : Bound Gagged: A Secret History of Obscenity in Britain before purchasing it in order to gage whether or not it would be worth my time, and all praised Bound Gagged: A Secret History of Obscenity in Britain:

In a revealing study of the way class-driven decisions are made, Alan Travis examines censorship, from the time of

Queen Victoria and the "Obscene Publications Act", through to the 21st century and the impact of the Internet and the Web on free expression.
