From Priddy Books : Bright Baby Touch and Feel St Patrick's Day by Priddy, Roger (Brdbk Edition) [Boardbook(2011)] before purchasing it in order to gage whether or not it would be worth my time, and all praised Bright Baby Touch and Feel St Patrick's Day by Priddy, Roger (Brdbk Edition) [Boardbook(2011)]:

0 of 0 people found the following review helpful. Great little book for the price!By KatieMBought this for my grandson's first St. Patrick's Day. He was a little young to appreciate it (5 months), but looked at the pages. I don't understand the complaints. I agree that there are not a lot of "touchy" pages, but it still is a cute little book which fills a St. Patrick's Day niche at a very reasonable price. I guess it depends how people want to use the book. I don't think you could just hand it to a baby/little child and expect he/she to be overwhelmed. I plan to read it to my grandson and at the same time use it to open up conversation/education on the St. Patrick's Day symbols depicted. The "touchy" pages are an added bonus. I will try to remember to update next year, when my grandson is a little older!1 of 1 people found the following review helpful. touch and feel WHAT???By Jason BerryJust about the worst "touch and feel" book I've ever seen. That is including the free one the hospital gave us when my daughter was born. My daughter is 1 year old and though we read touch and feel books everyday, she has no idea this is one because the textures are so slight and uninteresting. It is only cute because many years from now she will understand what a leprechaun is, and why a green river has anything to do with her birthday...St Patrick's Day. Only buy this book if you want a board book about St. Patty's and don't care about "touch feel", even then, there is likely better ones out there.0 of 0 people found

the following review helpful. Not touch and feelBy Elizabeth DonaldsonI purchased this book after owning several other of the Bright Baby Touch and Feel books. I was greatly disappointed with this particular book. There was slim to none to actually touch and feel. Glitter shamrocks - yes I guess they have some texture, but not really the touch and feel I was accustomed to with this brand. Bummed.
