**Scott B. Williams : Bug Out Vehicles and Shelters: Build and Outfit Your Life-Saving Escape** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bug Out Vehicles and Shelters: Build and Outfit Your Life-Saving Escape:

2 of 2 people found the following review helpful. WasteBy Kindle CustomerThis book is horrid. From the description one would expect to find a variety of potential modifications you could make to your vehicle, but sadly no. I'm sorry

author in question but I already know the difference between a sedan and pickup truck. For a survivalist there was little to do with survival or "bugging out". He basically lists the various styles of vehicles, lists some general tools to bring in the car and perhaps some models of types.... Waste of money and time reading this0 of 0 people found the following review helpful. Four StarsBy Larry PrestonExactly as advertised.1 of 1 people found the following review helpful. Intro course, but not very in depthBy Alan Karl ChurchThis book might be most useful for those up against time, but completely new to the subject.I can't say I found much in it that a year or so of Internet or in person investigation might not have revealed, so this book would likely not be that useful for those who already have decent time into investigating the topic.People suddenly feeling an urgent need for exodus transportation, and who have no background at all in it might feel differently.

A CATAclysmic Disaster Strikes Your Area.How will you evacuate your family to safety?Do you have a vehicle you can count on?Can it double as a mobile retreat, or do you have a shelter prepared in advance?What's your plan for reaching the shelter?Bug Out Vehicles and Shelters gives you the vital answers and options for becoming a survivor instead of a refugee:VEHICLES\* Prepping fast-escape vehicles\* Using specially equipped vehicles for unique situations\* Planning for backup vehicles if your main escape option fails\* Utilizing bikes, canoes, kayaks, rowboats and other human-powered means of escapeSHELTERS\* Preparing temporary shelters\* Locating and stocking longterm shelters\* Using an RV, motorhome, camper trailer or converted utility vehicle\* Living aboard boats, from motorboats to houseboats to blue-water sailboatsExplaining the advantages and drawbacks of each vehicle and shelter option, this survival handbook zeroes in on the key considerations and essential equipment for planning all your bug-out needs.
