**Monica Hughes : My Chinese New Year (Festivals)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised My Chinese New Year (Festivals):

Discover the wonders of the Chinese New Year. No matter what religious festivals a young reader may take part in, they're sure to love reading about all of the festivals that come to life in this new series. Each title looks at the preparations that go into each festival, what people wear, where it takes place, the food that is eaten, when it happens, who celebrates it, and why it's celebrated. A case study approach is taken, following a young child as they get involved in the preparations and celebrations.
