J. P. LaRue : My Last Breath before purchasing it in order to gage whether or not it would be worth my time, and all praised My Last Breath:

4 of 4 people found the following review helpful. Inspiration to all!By RlynnThis book is a must read! It is about a courageous young man who has many disabilities but fought hard to become more independent, you won't believe what he all achieved in his life. It is an inspiration to everyone. I will reread this book, especially when I think life is difficult for me because it will make me appreciate what I have and can do easily!4 of 4 people found the following

review helpful. Beautiful ProseBy SLShowalterJP's book shares the tragedy of the beginning of his struggles while showcasing the beauty of his spirit. The ingenuity he found to share his heart is amazing. I highly recommend this book. It's inspirational and offers hope in the darkest circumstances.0 of 0 people found the following review helpful. Wish I could read book but wonderful DocumentaryBy MossyfrogI am DeafBlind (Profoundly Deaf and legally Blind) and unfortunately cannot read this book or his others (hopefully one day they will put it in epub format). I watched the documentary though on indieflix which was wonderful. Josh is such an inspiration to me and hopefully now after watching the documentary (just watched it tonight and looked for his book hoping for epub format) every time I get depressed or fall into self pity I can remind myself of Josh and his determination to not allow his disabilities stop him from succeeding in life.Thanks Josh!

My Last Breath tells the powerful and inspiring story of a young mans journey to overcome the consequences of a traumatic brain injury. Thanks to his perseverance, courage, and ingenuitydesigning a customized device with his brother that enables him to pen his own wordsauthor Josh LaRue shares sometimes difficult, sometimes heartbreaking, but always encouraging recollections of his recovery, rehabilitation, and personal growth. With moving, honest poetry and engaging, lucid prose, a story unfolds that shows how it is possible to overcome the challenges and obstacles of disabilityeven in the face of seemingly impossible circumstances. As much a tale of the people, places, and services that are available for persons affected by disability, discover how positive support of family, friends, loved ones, and the community can influence the success of those who are enduring pain, frustration, and countless hours of rehabilitative therapy fighting for their new lives and independence. The inspirational story of Josh LaRue is now featured in an Emmy nominated documentary, My Last Breath, by award winning director, Cy Dodson (Triumph Pictures). <http://www.mylastbreathfilm.com/joshpaullarue.com>
