William G. Doty : Myth: A Handbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised Myth: A Handbook:

4 of 4 people found the following review helpful. Exceptional Myth Resource By Dave Alber`Myth: A Handbook' by William G. Doty strongly argues the contemporary importance of the study of mythology. With a keen eye on our present culture, Doty writes about myths from the past and their continuity with the mythopoetic imagination of current authors, pop icons, and spiritual movements. Doty explores the functions of myth in societies and with keen discrimination compares and contrasts the methods of study among scholars. His book provides a brief survey of the

world's mythological traditions and shows the myths in context with other aspects of cultural life. It ends with a good list of resources and glossary. `Myth: A Handbook' is an excellent overview of a vast topic. An exceptional resource!

A brief, accessible introduction to the role of myth historically and in popular culture.

"A comprehensive but condensed overview defining and classifying myth, providing examples from numerous cultures, and briefly tracing the trajectory of myth scholarship. . . . A well-knit, generously illustrated, and accessible text." Religious Studies
