The Swiss thinker J. J. Bachofen is most often connected with his theory of matriarchy, or "mother right," but that concept is only a small part of his contribution to our understanding of cultural history. This book includes an autobiographical essay and selections from *An Essay on Ancient Mortuary Symbolism*, *Mother Right*, and *The Myth of Tanaquil*. ?

Language NotesText: English, German (translation)From the Back CoverA pioneer of the idea of a transcendental mythical content present in all societies, Bachofen was deeply concerned with the inner life and how it is expressed in symbolic terms.
