Circle the globe with National Geographic and the Angry Birds as the lovable characters discover and partake in the world's greatest holidays, festivals, and celebrations. The birds will celebrate the Chinese New Year in Beijing before traveling to Venice, Italy for Carnival. The Angry Birds--and readers--will learn all about cultural traditions around the

world and come to understand the rituals and customs that go along with celebrating the biggest events of the year. Archival and modern National Geographic photography will accompany the text, and "Festive Facts" will give the book a distinctive visual style that is unique to National Geographic. This is the fifth book that National Geographic and Angry Birds creator, Rovio, have partnered on to bring education and entertainment to readers of every age.
