**Jacques Bertrand : Nationalism and Ethnic Conflict in Indonesia (Cambridge Asia-Pacific Studies)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nationalism and Ethnic Conflict in Indonesia (Cambridge Asia-Pacific Studies):

scholarshipBy G. BrownThis is without a doubt the best book on contemporary Indonesia I have read. Unlike other, terrorism-obsessed authors, Bertrand has a strong grasp of fact and critical interpretation. Virtually all of the major issues facing Indonesia during the late- and immediate post-Suharto period are covered in detail and without tiresome attempts to link them into a familiar or currently fashionable narrative, where Indonesia is characterized as a "crucible of terror" or other inaccurate characterization along similar lines...For students of nationalism as a phenomenon, this book also contains one of the most succinct and accurate definitions of what nationalism is you'll find anywhere...

Beginning in Roman Britain and ending with Charles II's restoration to the throne, the nineteen essays that comprise this volume are written by leading British and American scholars.

"...a set that will stand as the most valuable resource on British theater for some time to come. Essential." Choice"a valuable contribution to scholarship through nineteen fine essays" Sixteenth Century Journal"This work makes delightful reading" Renaissance Quarterly Frederick Tollini, Santa Clara UniversityAbout the AuthorJacques Bertrand is Assistant Professor of Political Science at the University of Toronto.
