found the following review helpful. Olympic Peninsula Original People By Thomas H. Higinbotham Great read about great people.

The nine Native tribes of Washington States Olympic Peninsulathe Hoh, Skokomish, Squaxin Island, Lower Elwha Klallam, Jamestown SKlallam, Port Gamble SKlallam, Quinalt, Quileute, and Makahshare complex histories of trade, religion, warfare, and kinship, as well as reverence for the teaching of elders. However, each indigenous nations relationship to the Olympic Peninsula is unique. Native Peoples of the Olympic Peninsula: Who We Are traces the nine tribes common history and each tribes individual story. This second edition is updated to include new developments since the volumes initial publicationespecially the removal of the Elwha River damsthus reflecting the ever-changing environment for the Native peoples of the Olympic Peninsula. Nine essays, researched and written by members of the subject tribes, cover cultural history, contemporary affairs, heritage programs, and tourism information. Edited by anthropologist Jacilee Wray, who also provides the books introduction, this collection relates the Native peoples history in their own words and addresses each tribes current cultural and political issues, from the establishment of community centers to mass canoe journeys. The volumes updated content expands its findings to new audiences. More than 70 photographs and other illustrations, many of which are new to this edition, give further insight into the unique legacy of these groups, moving beyond popular romanticized views of American Indians to portray their lived experiences. Providing a foundation for outsiders to learn about the Olympic Peninsula tribes unique history with one another and their land, this volume demonstrates a cross-tribal commitment to education, adaptation, and cultural preservation. Furthering these goals, this updated edition offers fresh understanding of Native peoples often seen from an outside perspective only.

A rich introduction to the nine Native groups of the peninsula.... [T]he writers communicated their communities senses of historical consciousness and identity in a format that should result in positive awareness among outside readers and perhaps attract them to the reservations as respectful and knowledgeable visitors.
