**Anne Firor Scott : Natural Allies: Women's Associations in American History (Women in American History)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Natural Allies: Women's Associations in American History (Women in American History):

0 of 0 people found the following review helpful. Little-known History and Great Stories! By Nancy Trego So interesting! The significance of women's organizations in the development of all kinds of social institutions is a little-known reality of American history. Ms. Scott gives you the history in very digestible form and tells some amazing stories in the process. Well worth reading!

Suitable for not only historians and sociologists but also to those working with or studying voluntary organizations.

"Documents the astonishing array of women's activities over a 200-year period... Reminds us that women found inventive ways to enter the political arena even before they voted." -- The Nation. "An elegant history." -- Journal of Southern History. "Wry humor and impassioned scholarship." - New York Times Book .
