Margarette Lincoln : NAVAL WIVES AND MISTRESSES before purchasing it in order to gage whether or not it would be worth my time, and all praised NAVAL WIVES AND MISTRESSES:

2 of 2 people found the following review helpful. Fascinating book!By Lindy ShuklaThis book had so much more than I expected. A fascinating and detailed insight into the overlooked, yet very important, side of British Naval history. They often took second billing to their men's ships, but the ladies--both legitimate spouses, and otherwise--were an integral part of that history. This book also examines the roles and power (or lack thereof) of these women, according to their men's ranks and their level in society.0 of 0 people found the following review helpful. I'm very happy with the orderBy FRANKLIN M. PARKSI'm very happy with the order. The book arrived in a timely manner and was in great

condition. Thank you.0 of 0 people found the following review helpful. Five StarsBy Mr. Michael SimperJust what was wanted.

An innovative study of naval women who stayed at home while their men went to sea. Focusing on the second half of the 18th century, a period when Britain was almost continuously at war, this book looks at different social groups, from the aristocratic elite to the laboring and criminal poor, prostitutes and petty thieves. Drawing on a range of material from personal letters to trial reports, from popular prints to love tokens, it exposes the personal cost of warfare and imperial ambition. It also reveals the opportunities for greater self-determination that some women were able to grasp, as the responsibility for maintaining the home and bringing up children fell squarely on them in their husbands absence. The text includes many voices from the past and throws fresh light on an under-researched aspect of womens history.

About the AuthorMargarette Lincoln is the deputy director of the National Maritime Museum and the author of many academic and popular books and articles.
