Courageous and RawBy Cynthia FrankCourageous and raw, with a surprising redemption, this is a thought-provoking, first-hand view into the shipwreck of American culture, homelessness, drugs, perversion, and criminality.0 of 0 people found the following review helpful. Five StarsBy ABD79David's story is a highly entertaining romp through the darkest corners of NYC's counterculture.

David "Hip City" Boglioli, turns his talent to avant-garde literature, with all the passion and ingenuity that has heretofore colored his art. Faced with disillusionment and disenchantment at society and his career, the author turns to crack and soon finds himself homeless on the streets of New York City. Unprepared for the desperate life he now faces, the penman must come to grips with an alien subculture whose values are questionable and learn to survive with nothing but his wits or perish. Having burnt his bridges, does this lost soul long to return to the secure life he's left behind or will he discover a rebel existence that's more appealing and a new conception of individual autonomy. A close look at an alternative path to personal liberation in modern America.

About the Author David Boglioli was born in Brooklyn, New York. He attended Outward Bound School, Rider College, and the Culinary Institute of New York. He is the author of the cookbook, *Canaps That Work*, the novella, *Wolf Pack*, and *Detour*, a real-life novel. He spent five years drumming for the Lost Souls (dance band) with Billy Joel and five years as Chef Garde-Manger for the "21" Club and the Ritz Carlton Hotel in New York City. He resides with his pets in New York City and Vermont.
