Patricia Hill Collins : On Intellectual Activism before purchasing it in order to gage whether or not it would be worth my time, and all praised On Intellectual Activism:

Since stepping down as the 100th President of the American Sociological Association, Patricia Hill Collins has been lecturing extensively at universities and at private and public organizations about the role of the intellectual in public

culture and how well intellectuals communicate questions about contemporary social issues to the larger public. This book is a collection of those lectures, along with new and (a few) previously-published essays.
