**Noam Chomsky, Mitsou Ronat : On Language: Chomsky's Classic Works Language and Responsibility and Reflections on Language in One Volume** before purchasing it in order to gauge whether or not it would be worth my time, and all praised On Language: Chomsky's Classic Works Language and Responsibility and Reflections on Language in One Volume:

0 of 0 people found the following review helpful. This book contains Chomsky's most succinct analyses of language. ...By ManuelThis book contains Chomsky's most succinct analyses of language. Don't expect much politics though (although inevitably some of Noam's politics come through at certain points) as this collection is mostly meant for linguists.0 of 1 people found the following review helpful. A great, if somewhat challenging read.By CustomerChomsky's challenges to (you name it) the status quo, the politics of the world or, above all, the language and its use, are evident on every page of this interview.0 of 2 people found the following review helpful. Five StarsBy CustomerThe quality is very good! Thanks you so much!

Described by the New York Times as arguably the most important intellectual alive, Noam Chomsky is known throughout the world for his highly influential writings on language and politics. Featuring two of Chomsky's most popular and enduring books in one omnibus volume, *On Language* contains some of the noted linguist and political critics most informal and accessible work to date, making it an ideal introduction to his thought. In Part I, *Language and Responsibility* (1979), Chomsky presents a fascinating self-portrait of his political, moral, and linguistic thinking through a series of interviews with Mitsou Ronat, the noted French linguist. In Part II, *Reflections on Language* (1975), Chomsky explores the more general implications of the study of language and offers incisive analyses of the controversies among psychologists, philosophers, and linguists over fundamental questions of language.

"*Language and Responsibility* is a well-organized, clearly written, and comprehensive introduction to Chomsky's thought." *The New York Times Book Review* "*Reflections on Language* is profoundly satisfying and impressive. It is the clearest and most developed account of [Chomsky's] case." Patrick Flanagan
