Rebecca A Morris : On the Job with Hearing Loss: Hidden Challenges Successful Solutions before purchasing it in order to gage whether or not it would be worth my time, and all praised On the Job with Hearing Loss: Hidden Challenges Successful Solutions:

0 of 0 people found the following review helpful. Buy one for your HR departmentBy Jill M HoyengaI read this book from the library and then bought it for our HR department to assist supervisors with supporting deaf and hard of hearing staff.2 of 2 people found the following review helpful. Basic Information.....By Bradley HerringThis book offered solid, basic information on handling hearing related problems in the workplace. It is not a technical manual -

rather it is written for those "inexperienced" in this area. I would recommend it to beginners in this subject area. 4 of 4 people found the following review helpful. Full of practical information
By Stefanie N. Beers
After reading this book, I learned so much about the different accommodations to meet the demand of my clients' needs for products that have been clearly explained. I think this book is concise and contains easy-to-understand explanations, facts, and a step-by-step process used to assess demands. People in all professions having to do with hearing loss, i.e. Vocational Rehabilitation, students of Audiology, Human Resources just to name a few, would benefit from reading this long-overdue look into ALD accommodations in the work place.

This work takes a comprehensive look at the hidden challenges of hearing loss and practical solutions that can overcome the barriers.

""Becky has gone to great lengths to present examples of just about every listening situation, social circumstance, and managerial challenge possible to show that to ignore this ""invisible handicap"" is to reap unnecessary loss to the economy (to the tune of more than \$112 Billion annually in the U.S. alone!), missed opportunities in promotion and...
