**From Brand: AltaMira Press : Oral History: An Interdisciplinary Anthology (AASLH Book Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oral History: An Interdisciplinary Anthology (AASLH Book Series):

2 of 2 people found the following review helpful. Oral HistoryBy Albert MorrissetteDunaway has captured the beauty of oral history and has shared his method and reasonings through this book. The printed word is a fantastic method of capturing history, but when you hear it directly from the source with the humor and/or passion in the voice, it is the

ultimate in history

This anthology explains the basics of oral history, and how to make use of it in research. It includes a significant collection of classic readings by oral historians.
