Goh Pe Kii : ORIGINS OF CHINESE FESTIVALS before purchasing it in order to gage whether or not it would be worth my time, and all praised ORIGINS OF CHINESE FESTIVALS:

0 of 0 people found the following review helpful. A good book to introduce Chinese festivalsBy Harlem TsaiI want to know how to introduce Chinese festivals for foreigner. My niece lives in USA more than 20 years. She don't know many Chinese festivals. I think this is a good material for her.

The Chinese people have a history of 5,000 years of civilization. Information about the origins of Chinese traditional festivals not only helps us to understand the customs and everyday habits of the Chinese but also their rich cultural heritage. The reader will be intrigued to learn that many of the stories associated with Chinese festivals have evolved

with the changes in the development of Chinese civilization and as a consequence have become an integral part of Chinese culture. Because of the progress of science and technology, and the gradual shedding of ethnic traditions for modern and universal ways, many Chinese are no longer able to tell how their festivals originated. This is especially true of Chinese communities outside their homeland. This book on the origins of the festivals and popular stories associated with them will help the reader to appreciate how the celebration of these festivals acted as a social glue in identifying and helping the Chinese stick together as a race throughout their long history and wherever they are found.
