follow and learnBy CustomerRobin Law distills stats and history in a chronological order making the subject matter easy to follow and learn. Excellent work.3 of 3 people found the following review helpful. left-out alotBy dwight howardwell he did a good job explaining the kingdom of juda,but its lots of other things he left out. for example, it was the fake jews who finance the slave trade and owed those slave ships etc. and then he did not go into the tribes they were taking slaves from,because some Africa tribes did not sell they own people into slavery. and it was more then serpent worship far as the quidah people religion. you can see him leaving out lots of stuff in this book. the book is not worth 32 dollars, so gave it a 3 star.2 of 3 people found the following review helpful. A Black American Must readBy neeceegHidden history . Hidden from a hidden people This book goes to show the real identity of black americans Ouidah is disguised it is shameful that no one will come and tell those with ancestors of the slave trade. Are actually Hebrews from the Ancient Kingdom of Judah in Israel . Ouidah was a nice disguise for Judah. The truth must be told and not hidden The bones are starting to live .

Ouidah, an African town in the Republic of Benin, was the principal precolonial commercial center of its region and the second-most-important town of the Dahomey kingdom. It served as a major outlet for the transatlantic slave trade. Between the seventeenth and the nineteenth centuries, Ouidah was the most important embarkation point for slaves in the region of West Africa known to outsiders as the Slave Coast. This is the first detailed study of the towns history and of its role in the Atlantic slave trade. Ouidah is a well-documented case study of precolonial urbanism, of the evolution of a merchant community, and in particular of the growth of a group of private traders whose relations with the Dahomian monarchy grew increasingly problematic over time.

Rather than being a flashy display of a single technique or approach, this volume demonstrates the ability of a mature Africanist to utilize the great variety of sources and methodologies developed over the past decades by scholars of Atlantic and African history. The Historian
