**Kenneth King : Pan-Africanism and education: A study of race philanthropy and education in the southern states of America and East Africa (Oxford studies in African affairs)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pan-Africanism and education: A study of race philanthropy and education in the southern states of America and East Africa (Oxford studies in African affairs):

2 of 2 people found the following review helpful. Booker T. Washington's role in vocational education. By D. E. White  
What happened to African Americans after slavery? What was all of "that" about Booker T. Washington and his role in education? Well this book answers those questions and more. Events are chronicled regarding the education of African Americans and the minds shaping those opportunities for education. Events are placed in the context of those times. A GREAT READ! Learn about the role of education in shaping this country and how you were/are effected by those decisions, way back then.
