**ANNE FINGER : Past Due: Story of Disability, Pregnancy and Birth** before purchasing it in order to gage whether or not it would be worth my time, and all praised Past Due: Story of Disability, Pregnancy and Birth:

0 of 0 people found the following review helpful. Very intimate and honestBy Stephanie WoodwardThis book gives a very intimate look into Anne Finger's life and the struggle between feminism, disability rights, and parenthood. Finger struggles with women's right to choose v. prenatal testing and the disproportionate impact on fetuses that may have disabilities. She also struggles with disability pride, but upon becoming a parent, finding herself hoping for a healthy

child. The struggles are difficult, but Finger does not hold back. As a woman with a disability and a disability rights activist, I appreciated her honesty throughout the book.
