David P. Barash, Charles P. (Peter) Webel : Peace and Conflict Studies before purchasing it in order to gage whether or not it would be worth my time, and all praised Peace and Conflict Studies:

0 of 3 people found the following review helpful. ClassBy Ed and Adr MomI bought this book for a class and still use it as reference for a current class. It contains much needed information although the price is pretty steep.0 of 4 people found the following review helpful. Peace and Conflict StudiesBy Jacquelinethis was the first time i have ever purchased something for school. first of all, the price was an incredible price to own compared to other places i checked out. when i first placed my order it said it would arrive on the around the 20th of february! i totally needed to before but i decided to wait for its arrival. it came in the week after i had ordered it!!!! how amazing is that? i was

super stoked when i recieved the packaged. the book was in really good condtion. the only thing i didnt like, that i didnt know it has, was the highlighted text; other than that i loved my purchase. a million thanks to everyone who made it possible! :) 1 of 5 people found the following review helpful. Peace and Conflict Studies By David B. Finney Having always studied conflict from the only other perspective I was aware of - I was skeptical, thought this would be some liberal namby pamby book that skewed from reality. From what I've read of the book, it is fairly objective. I'm looking forward to getting more out of it.

Thoroughly revised, the Second Edition of Peace and Conflict Studies sets the new gold standard as an accessible introduction and comprehensive exploration of this vital subject. The authors share their vast knowledge and analysis about 21st-century world events including new coverage on timely topics such as terrorism, the truth and reconciliation process, and the clash of civilizations. With an encyclopedic scope, this introductory text chronicles a plethora of important global topics from pre-history to the present. Key Features of the Second Edition Includes updated chapters and examines current conflicts, including the Iraq War Explores the important aspects of positive peace, individual violence, nationalism, and terrorism Provides numerous visual aids, questions for further study, and suggested readings Furnishes a comprehensive range of material to enlighten and enrich future discussion and encourage further academic pursuit Intended Audience This text is invaluable for students and professors in peace and or conflict studies, psychology and or the sociology of peace and conflict studies, international relations, comparative politics, history, and others interested in gaining a solid foundation about the global arena. Praise for the First Edition "Barash and Webel have penned a masterpiece that should appeal to seasoned scholars of peace and conflict studies as well as to others who have little knowledge of this multidisciplinary field." --Daniel J. Christie, Ohio State University

"David Barash and Charles Webel have intentionally minimized the use of technical language in this text. They have, as a result, produced an accessible work that deals with complex issues with a simplicity and clarity that is nevertheless profound. Ably surveying the terrain, the book is steeped in history and conversant with the current global political scene, including issues of natural resources, the economy and climate change." (Joshua Habimana Times Higher Education 2009-09-17) "Beautifully crafted, logically constructed, the book by Barash and Webel will be the introductory text to peace and conflict studies for years to come. With a wealth of interesting material and a clear, accommodating, yet sufficiently rigorous, framework anyone who has studied these pages will come out a richer person, more able to act in and on today's world." (Johan Galtung) About the Author David P. Barash (Ph.D., University of Wisconsin) has been with the Department of Psychology at the University of Washington since 1973. His studies span animal behavior and social psychology, with concentrations in sociobiology, psychological aspects of the arms race and nuclear war, peace studies, and animal behavior and evolution. A prolific author, he has written more than 250 technical articles and 31 books ranging from monographs to college textbooks to popular trade titles. His book, Introduction to Peace Studies (1991), was the first comprehensive undergraduate textbook in the field of Peace Studies. Charles Webel (Ph.D., University of California, Berkeley) is professor at the University of New York, Prague. A three-time Fulbright Scholar and graduate of the Psychoanalytic Institute of Northern California, Webel has pursued post-doctoral studies at Harvard University, the Max Planck Institute, and the Universities of Paris, Frankfurt, and Heidelberg. He recently taught in the Peace and Conflict Studies Program at Berkeley and the Honors College of University of South Florida. He is the author or editor of seven books.
