Mike Skrypnek : Philanthropy; an INSPIRED Process before purchasing it in order to gage whether or not it would be worth my time, and all praised Philanthropy; an INSPIRED Process:

Every year people all over the world donate money to charity or volunteer their time to help the needy. These selfless

acts are wonderful and their donations are highly valued...further to this as giving evolves, it moves from well-intentioned involvement to commitment and that commitment becomes philanthropy. You may be asking yourself, "What's the difference? I give money and I lend a hand."...but that is just the beginning of the philanthropic journey. Philanthropy; an INSPIRED Process is an important guide for those seeking to grow from their involved giving to truly committed philanthropy. Through inspiring stories of global philanthropic icons, you'll be lead through an INSPIRED Process. This book is a must read and a valuable resource for anyone who wants to take their giving to the next level. Once you read it you'll be INSPIRED to do the same. www.theinspiredprocess.com

Thanks for the inspiring book. It is great! I would like to use it in some of my social enterprise course work. --Mary T.From the AuthorMy goal in writing the book was to convince just one more executive or business leader to take that step and impact the world in a great way. Through my research for the book, I found that philanthropy, like most anything that is worth accomplishing in life, is a process. It is an inspired, step by step, personal journey to an unknown yet extremely rewarding end.From the Inside FlapEvery year people all over the world donate money to charity or volunteer their time to help the needy. The goal of this book is to convince just one more executive or business leader to take that step and impact the world in a great way. It is an inspired, step by step, personal journey to an unknown yet extremely rewarding end. Research for this book was conducted through a series of interviews with some of Canada's business leaders as well as philanthropists across North America worldwide. In the book Mike discusses what sets the great contemporary philanthropists apart from their former business counterparts and what the inflection point was for them. Icons such as Bill and Melinda Gates, Oprah Winfrey, Bill Clinton, Bono, Bob Geldoff and Richard Branson made a conscious choice to give back to our world. Their decision became the turning point in their transformation from great leaders to icons. Through inspiring stories of global philanthropic icons, you'll be lead through an INSPIRED Process.
