**From Charles T Clotfelter Thomas Ehrlich : Philanthropy and the Nonprofit Sector in a Changing America (Philanthropic and Nonprofit Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Philanthropy and the Nonprofit Sector in a Changing America (Philanthropic and Nonprofit

Studies):

This collection brings together the views of a stellar assemblage of scholars, practitioners,... and a host of other talented and distinguished citizens of the independent sector.... A must read. *Philanthropy Monthly* In an attempt to analyze future directions of the increasingly influential nonprofit sector, the American Assembly and the Indiana Center on Philanthropy sponsored a conference that brought in leading scholars and practitioners. Participants were asked to consider what forces will determine the shape and activities of philanthropy and the nonprofit sector in the next decade. This volume is a product of this inquiry. Contributors focused on a variety of pressures, including the devolution of federal programs, the blurring of lines between non-profit and for-profit organizations; the changing distributions of income; a revived interest in community and civil society; the evolution of religion and other regulatory reform; and a retreat of government from various policy areas.

"Philanthropy and the Nonprofit Sector is a 'must-read' for anyone seriously interested in the near-term future of philanthropy." --*Philanthropy Monthly* "A useful addition to the libraries of researchers on the third sector." --*Nonprofit and Voluntary Sector Quarterly*
