**David Tamm : The Cultural Landscape 12th edition+ Student Workbook: Relevant daily assignments tailor-made to the Rubenstein text (Tamm's Textbook Tools)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cultural Landscape 12th edition+ Student Workbook: Relevant daily assignments tailor-made to the Rubenstein text (Tamm's Textbook Tools):

1 of 1 people found the following review helpful. Very helpful!By CraftDesign114Im using this as a review and it is working nicely! Most guided readings break down the chapters, key issues and what not, the good thing with this one

is you must extrapolate answers. Having the book is a must because a lot of the interactive features require analyzing images or using info from specific charts. A bit pricey if you're using it for one year, reasonable if multi-year. Overall well worth it. 1 of 1 people found the following review helpful. Great humor! By Modern Victorian I used the 11th edition of this book and switched this year. I thought the 11th edition tools workbook was decent, but this one is much better. Lots of extras within the overall framework of a guided reading- and a lot of humor. 2 of 3 people found the following review helpful. Disappointed By welovedogs Disappointed. The information isn't anything different than the key issues packets that are publicly available. Save your money and use the AP Human Geography Facebook page for resources.

This AP\* Human Geography companion is filled with vocab, activities and assignments that follow Rubenstein's Cultural Landscape Twelfth Edition+ for all 13 chapters. Its activities can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook, physical or online. Teachers can copy at will, and parents can use the book as a student consumable. The rationale for having this workbook is that publishers now put so much of their extra content online, traditional classwork is left lacking. No matter if the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, diagram every chapter, and think things through with the authors. Find TTT on FB, or click author name at the top of this page for all titles in this series, including Coursepak B for Rubenstein 12.

About the Author David Tamm has a master of arts degree from the Jagiellonian University in Krakow, Poland, the school of Nicholas Copernicus and John Paul II. He has lectured at academic organizations such as the International Society for the Comparative Study of Civilizations founded by Carroll Quigley. His material has been published in newspapers and periodicals in Europe and America, such as Arcana. His master's thesis, "Universal History and the Telos of Human Progress," is about the changing meaning historians have found in the human story as a whole, and is worthwhile for social studies teachers.
