Lost Civilizations and FBy Fiona E. AbbottEver been looking for information on a society or myth you came across and wanted to learn more about...then this is the book for you. An A - Z of lost civilizations, mysteries and wisdom from the old days this book is a perfect reference book. Wanting to know more information from behind Dan Brown's Angels Demons, or Da Vinci Code well this is the book to shed that light. A must for the enquirer of past worlds, history and societies like the Masons and Knights Templar.0 of 0 people found the following review helpful. bookBy janI got this for my husband sine he's interested in all this stuff. Lots of info but disappointed that there weren't any pictures in it. Also this book was supposed to be new and the inside cover (binding) was all torn.

This volume is an A-Z of alternative history. It helps you discover everything you wanted to know about secret societies like the Freemasons, the historical mystery of Atlantis, why King Arthur, Leonardo da Vinci and Hitler are key figures, plus conspiracy theories, forgotten sciences, and ancient wisdom.
