(author) Peter Block : The Empowered Manager: Positive Political Skills at Work (Paperback) - Common
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Empowered
Manager: Positive Political Skills at Work (Paperback) - Common:

1 of 1 people found the following review helpful. The Empowered ManagerBy CharlieThis is a great book and from
what I've seen of Peter Block's works they are all good. I haven't yet finished my copy; I've bought 3 of them now and
I keep giving them away to manager colleagues who I think would benefit from the insights I've gleaned thus far. For
anyone struggling to understand their position in a large organization or corporation, or anyone wondering why their
best intentions are taken the wrong way, this would be a very helpful read. It helps to understand the conservative
corporate mindset, why innovation is not necessarily valued, and how to cope within such a system. For example,
understanding the various "scripts" that people within an organization use and how they make colleagues difficult to
deal with; and recognizing which "scripts" we ourselves tend to use, and how they can undermine our efforts.0 of 0
