The words and phrases are all Russian or english, it doesn't give u the sounds like kind of interpretation. The cd literally is just a Russian lady reading off the Russian wordss in the book in a very quick pace where I cant follow along well. And the book doesn't explain things verywell at all. But I do like the small history lessons in it about Russia it's self. Thats why I gave 2 stars...2 of 2 people found the following review helpful. It's Okay. If you want to start learning Russian, I would not recommend this book. This book is for people that already somewhat know a little Russian. 3 of 3 people found the following review helpful.
