Worth reading though for the experience of these men from 2500 years ago.5 of 5 people found the following review helpful. Excellent translationBy BaggyHaggyAs always, Waterfield's masterful modern translation satisfies; accessible for current

readers, yet accurate. Highly recommended for serious readers and for students. 0 of 0 people found the following review helpful. Excellent By Benjamin Bertrand Great and engaging translation. Would definitely recommend for a history lover, particularly one interested in the classics. Very well done while still being accessible.

The Expedition of Cyrus tells the story of the epic march of the Ten Thousand, an army recruited at the end of the fifth century BC by a young Persian prince, Cyrus, who rose in revolt against his brother, the King of Persia. After Cyrus' death, the army is left stranded in the desert of Mesopotamia, a thousand miles from home. Their long march, across mountains and plateaus to the sight of "The sea! The sea!" and back to the fringes of the Greek world, is the most exciting adventure story to survive from the ancient world. This new translation of Xenophon's most famous work offers a gripping narrative and a unique insight into the character of a Greek army struggling to survive in an alien world. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

About the Author Tim Rood is Fellow and Tutor in Classics at St. Hugh's College, Oxford.
