MOOREA very prophetic look at the current status of Blacks in 21st Century America as Racism and Xenophobia are on the rise inspite of global movements that seek to unite all people worldwide. I was pleasantly surprised by Mr. Muhammad's lack of hateful rhetoric even though his organization had always been portrayed as anti-American., But, as he so eloquently states, his

message was for the self improvement and enlightenment of his BLACK brothers and sisters within the context of this oppressive society. 6 of 7 people found the following review helpful. A REALITY CHECK FOR ALL! By Jqau's truth I received this book two days ago. I Could not put it down and WOW, what an eye opening revelation. Considering the conditions the (US) currently faces and what's predicted for this country. As I write this review the East Coast is under siege by a serious Snow Storm of unprecedented Weather... Just one of the predictions in this book... Coincidence? In any case, I try to look at things objectively and given the history of this country as I know it, I find it impossible to argue with The Honorable Elijah Muhammad. What I find most intriguing and extraordinary, is the brilliant vision and intelligence of a man that has not gone passed the third grade in the US school system. Yet the book was written over 40 years ago and it is as if The Honorable Elijah Muhammad is looking at the condition of Black people in this country as it is TODAY. (Divine Prophecy) I HIGHLY recommend this book for those who are in search of a serious reality check... regarding the progress of this Country when it comes to Justice and Equality for Black people or lack thereof. This book should be in every Black hand and in every corridor of Black education. 2 of 2 people found the following review helpful.
