No one does it betterBy Ra-Set TemuDr Wilson (RIP) is one of most profound scholars of our time, while history is a absolute requirement in our becoming whole again what was done to Africans in AmeriKKKa from a psychological-mental-spiritual standpoint has not really been expounded on in the way Dr Wilson does it his Book BLACK POWER should be required reading in Black colleges around the country this man was ahead of his time and right on time at the same time, get his works whenever you can!!!22 of 23 people found the following review helpful. Spendid take on Afrikan thinking...By mftaggfreezeOne of the first lecturers I encountered when realizing the truth about the "history" we are taught, was Amos Wilson.His words struck me to the core of my belief systems and awakened a thirst for knowledge that I can't seem to quench.This book is the first of his books that I ordered and I had a hard time putting it down.OK, we were lied to. OK, we were and are oppressed. For the first time, I can see clearly how the task of doing these things was accomplished by europeans. The psychological breakdown is truly something that should be heard by every Afrikan living in america.Thanks Dr. Wilson, thank you Ancestors!0 of 0 people found the following review helpful. One of the best works discussing the psychological challenges facing African people(s)By jose beyOne of the best works discussing the psychological challenges facing African people(s)! Dr. Wilson was nothing short of a genius when it came to understanding the sakhu/psyche/"mind" and how Eurocentric hegemony/"Global 'White' Supremacy" has caused so much damage in destroying African autonomy and encouraging pathological behaviors.

"[Exposes] the role Eurocentric history-writing plays in rationalizing European oppression of Afrikan peoples and in the falsification of Afrikan consciousness ... [and contends] that the alleged mental and behavioral maladaptiveness of oppressed Afrikan peoples is a political-economic necessity for the maintenance of White domination and imperialism."--Back cover.
