Carlos Castaneda : The Fire from Within before purchasing it in order to gage whether or not it would be worth my time, and all praised The Fire from Within:

Tripping the Fantastic of Energy WorkBy Gina Briganti"The Fire from Within" was an easy read compared to another Castaneda book I read years ago, "Magical Passes". One key message I enjoyed was about getting past our obsession with ourselves simply for how much of our energy is freed to do other things,There were a number of incredible stories in "The Fire from Within" that highlight the difference

between how I was taught Reiki and how I teach Reiki. I wonder if all teachings can claim these big differences or if they are specific to the naguals. All in all, this was a good read for anyone who enjoys reading about different ways to work energy. 0 of 0 people found the following review helpful. These are great books that have aged well. By Shoebuddy Jones, Jr. I read Castaneda long ago and am having a blast reading him again. These are great books that have aged well. They are a bit repetitious though. 1 of 1 people found the following review helpful. Five Stars. By William C. Audengood job

Fire from Within is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his "disciples," at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the "sorcerer's world" that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

Praise for the groundbreaking work of bestselling author Carlos Castaneda "Extraordinary in every sense of the word." (The New York Times) "An unparalleled breakthrough... Remarkable (Los Angeles Times) "Hypnotic reading." (Chicago Tribune) "It is impossible to view the world in quite the same way." (Chicago Tribune) "Excquisite... Stunning... Fresh, unexpected visions with the logic of dreams." (Detroit Free Press) "Taken together [Castaneda's books] form a work among the best that the science of anthropology has produce." (The New York Times Book) About the Author Born in 1925 in Peru, anthropologist Carlos Castaneda wrote a total of 15 books, which sold 8 million copies worldwide and were published in 17 different languages.
