Judy Sierra : The Flannel Board Storytelling Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Flannel Board Storytelling Book:

1 of 1 people found the following review helpful. Five Stars By Honeybee3 Wonderful basics for quiet books and storytelling. 2 of 2 people found the following review helpful. Fantastic book! A lot of great stories patterns By Patti Francis Fantastic book! A lot of great stories patterns. It also has great suggestions about how to get your audience involved in the telling of the story. 8 of 8 people found the following review helpful. Perfect!!! :) By Sarah B. Amazing flannel board book! Tons of useful and interesting stories, separated into general age categories (but of course, use your brain for your specific class/children). The patterns are easy to trace and cut and are super cute. A great resource for school or for your family - make them at home! This is definitely my go-to book for making new flannel board

pieces. Don't need much more than this :)
