WriterReviewsA fantastic overview of what it means to be "Hispanic." Indeed, this book takes from myth, stereotype, and research to share with the world everything about the Hispanic way from the art and practice of naming, to the act of staring. If you're Hispanic--Cuban, Mexican, Guatemalan, Uruguayan, Spanish, or anywhere inbetween--and want a look in a mirror or a book about yourself, then *The Hispanic Way* is exactly the unparalleled guide for you.0 of 0 people found the following review helpful. A good book to help one understand the differences in culturesBy Elizabeth HoodA good book to help one understand the differences in cultures. Needful if one is going to teach, work or simply live in Spanish speaking countries. I taught Spanish 1st--12th grade in a private school and this helped me tell the students more abut various countries. I also taught in Mexico 7 times in a music institute so it helped me too!0 of 0 people found the following review helpful.
