Hugh Douglas : The Hogmanay Companion before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hogmanay Companion:

0 of 0 people found the following review helpful. BoringBy JohnThis book was written for someone with the mind of a 5 year old. Silly and filled with information no one would have any interest in - for example, it even includes information as to how to get stains out of your carpet!, Honestly, a total waste of money.2 of 3 people found the

following review helpful. Perfect for planning a party. Fun to read, too. By A Customer Whether you're from a Scottish background and have forgotten how to run New Year's Eve the Scottish way, or are merely looking for good ideas for an unusual party, this book is for you. It explains Scottish New Year's customs, includes recipes, and even has a few words to say on the horrors of clearing up afterwards.

This volume reveals the origins of New Year's Eve, or Hogmanay as the Scots term has it. Hugh Douglas takes the reader from the remotest beginnings of the festival through 18th- and 19th-century developments and up to the millennium. The book explores many of the puzzling aspects of the New Year's celebrations, including: why a tall, dark stranger at midnight?; why carrying a lump of coal; and why can the first-foot never be a fair person no matter how firm a friend? The author also explores how the name "Hogmanay" was derived and what it means, and offers songs and food and drink recipes. A Hangover Helpline is also provided for those who have over-indulged!

From the Publisher Hugh Douglas is a prolific author with critically acclaimed works on Robert Burns, Bonnie Prince Charlie, and Flora Macdonald. He is also author of *The Burns Supper Companion*. About the Author Hugh Douglas was a prolific author with critically acclaimed works on Robert Burns, Bonnie Prince Charlie and Flora Macdonald. He was also author of the *Burns Supper Companion*.
