when we toured New Hope Foundation in Nov. 2011. We were adopting our son and wanted to see where he had spent the majority of his life. He was so gracious and kind as he told us about the home. We were told that our son was sent back to his CWI and we were supposed to meet him 3 days later, but Robin knew who he was and told us he was still on the premises! He took us to meet our son for the very first time...we will always remember this moment and can't thank he and his wife, and all of the loving staff enough for showing our son such love and care! Robin and Joyce Hill are the most amazing people with so much love to share. We are so thankful to them for loving our son before we were able to be there for him. God bless Robin and Joyce for what they do each day! A beautiful read, so touching.0 of 0 people found the following review helpful. A Book That Will Change Your Life !By B. Great StoryBy Bridgette ShortI have been to New Hope in Beijing and was so impressed with everything about this program. I came home and was thrilled to find this book and read how it all came to be. I fell in love with the orphan in China and work each day to do what I can to help make their lives there a little bit better. Everyone should read this story!!!

Robin and Joyce Hill lived in a gated community in Beijing. Their familys life was marked by luxury and the security of Robin's job as an engineer. Then one day, as members of their church, they had a chance to tour a state-run orphanage. Haunted by the needs of the children they saw there, for the next four years they tried to help the institute in meaningful ways.
