Donald W. Meinig : The Interpretation of Ordinary Landscapes: Geographical Essays before purchasing it in order to gage whether or not it would be worth my time, and all praised The Interpretation of Ordinary Landscapes: Geographical Essays:

0 of 0 people found the following review helpful. A classic compilation of classic essays in the field of ...By N. SerranoA classic compilation of classic essays in the field of humanistic historical geography. A bit dated at present, but you have to know the historiography before being able to critique our present situation.

The study of the cultural meaning of landscapes is of increasing interest in several fields. This book attempts to open up the subject to a wider audience, and is the first to deal with the basic principles of reading the landscape'.

"A superb sourcebook for any course that deals with the interaction of culture and landscape. The various articles are thought-provoking and well-written and the ideas presented are artfully interrelated--one of the best I've found for my course."--M. Jane Young, University of New Mexico
About the Author
D. W. Meinig is Maxwell Research Professor of Geography at Syracuse University. Jackson founded Landscape Magazine, taught at Harvard University and the University of California at Berkeley, and wrote nearly 200 essays and reviews regarding the American landscape.
