Maxine Nunes, Deanna White : The Lace Ghetto before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lace Ghetto:

A Canadian feminist classic. "The greatest hope we have for this book is that it will help bridge the gap between women and the women's movement." -- Maxine Nunes and Deanna White

"An entertaining, startling collage of interviews, commentary, pictures, advertisements, comic strips, letters and book excerpts...The results are both poignant and pungent." --The Ottawa Citizen
