Chris Enss : The Lady Was a Gambler: True Stories of Notorious Women of the Old West before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lady Was a Gambler: True Stories of Notorious Women of the Old West:

1 of 1 people found the following review helpful. Women GamblersBy Hayseed9Very interesting book about ladies in the Old West and some of their endeavors at survival. It is amazing to me that there were women with the guts and

fortitude that they had in order to survive in a man's world. The stories in this book are very interesting. Good book, Chris Enss!

By L. S. Brooks
Not as indepth as i wanted...interesting reading...
1 of 1 people found the following review helpful. Neat stories
By Miss Marple
It was interesting to read about these women gamblers of the west. Each lady had a special title and chapter and then 2-4 pages of info about her. There are a few pictures, but not many of the ladies themselves. When history is taught, there is usually very little emphasis on the women and their lives and contributions or works. This little book helps to put a personality on some of the ladies of the west who lived by gambling. Some of the women used their winnings to help build hospitals, schools and such for the town. It is a quick read.

Notable female gamblers are few in number, but their legacy left an indelible mark on the history of the Old West. The Lady Was a Gambler is a tribute to those women and how they played the game.

From the Back Cover
Place your bets, place your bets . . .
From the muddy cowtowns of Montana to the posh parlors of Deadwood and Tombstone, past a succession of swinging batwing doors to the smoke-filled rooms in the back, some of the most colorful ladies in the Wild West also happened to be some of the shrewdest gamblers. With her inimitable instinct for a good story, Chris Enss points her pen toward fifteen of the most fascinating characters to ever flip a hole card or lace a corset. Poker Alice Ivers, for instance, checked and raised her way through some of the roughest mining towns in the West, while Lottie Deno, the prettiest faro dealer to ever turn a card, bucked the tiger all the way from Texas to Alaska. And who could ever bet against Eleanora Dumont, a twenty-one dealer known far and wide as Madam Moustache?
