Amelia Kinkade : The Language of Miracles: A Celebrated Psychic Teaches You to Talk to Animals before purchasing it in order to gage whether or not it would be worth my time, and all praised The Language of Miracles: A Celebrated Psychic Teaches You to Talk to Animals:

0 of 0 people found the following review helpful. Very informative.
By nikirie Very good book, practicing the technique and learning to communicate with my pets.
0 of 0 people found the following review helpful. thanks for an excellent
By John E. Hubbard Learning somethin new everyday, thanks for an excellent book
6 of 6 people found the following review helpful. It is opening my heart....
By V. Hunter This book made my laugh and cry and in the process is opening my heart to unconditional love. I have been looking for meaning behind the loss of my sweet cat and maybe it was so I would pick up this book and begin to see the preciousness of all life. Even if I never learn to talk to animals, I will be forever grateful for the way this book has changed my perspective on what it means to love and be loved. This book is not only touching, but gives some practical ways to begin opening yourself to the possiblity of inter-species communication. I like that, even though the author has a lot of experience and knowledge from her years of practice, she never claims to have all of the answers or to know some absolute truth (unlike another book I have read on the subject). I will be forever grateful that I found my way to this book. Hopefully somewhere along the way I cannot only make my cat proud of me but hear her tell me so too.

As a professional animal psychic, Amelia Kinkade helps clients locate lost pets, diagnose baffling behavior, and further explore the indelible bond that exists between people and their animal companions. But her real mission is to convince people that, with the proper dedication, training, and understanding, everyone can do what she does . Here, she explains the subtle cues that form the foundation of animal communication, and provides guided exercises that allow readers to explore these cues for themselves. With gentle encouragement, she shows how to look for communications typically drowned out in the noise and chaos of modern life, whether they take the form of clairaudience or clairvoyance. Filled with amazing stories, *The Language of Miracles* inspires readers to sit down with the animals in their lives and explore the unspoken world between them.
