**Richard Knight : The Millennium Guide: Parties, Events Festivals Around the World** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Millennium Guide: Parties, Events Festivals Around the World:

3 of 3 people found the following review helpful. This book tells you exactly where to party like it's 1999! By A

CustomerRichard Knight's Millennium Guide is funny, sharp and packed with information. How did he get all this stuff? It includes details of NYE 1999 parties right around the world and it also answers every conceivable millennium question from the computer bug problem to where the whole thing really starts. Excellent - and what a great idea for a book!  
0 of 0 people found the following review helpful. A bit early  
By theaxA great guide for partying, good suggestions for travellers, but it is a year early. Which gives everyone many months to start planning and get their reservations made.

The Millennium Guide is the definitive guide to where to stay in 30 different countries around the world , events exhibitions and nutshell information on major attractions laid on for this most global of celebrations. '
