Clayton Mosher, Terance D. Miethe, Timothy C. (Christopher) Hart : The Mismeasure of Crime (Volume 2) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Mismeasure of Crime (Volume 2):

2 of 2 people found the following review helpful. Useful read for Criminologists By Josh Bittinger This was a required text for my Criminological Theory course, and I was surprised by how much I did enjoy this book. It is broken down into useful and accessible sections that seem to flow logically. There is a wealth of useful information about crime

measurement in this text, and I would strongly recommend it to those who are looking to learn a bit more about how crime statistics are generated in the United States. 1 of 1 people found the following review helpful. Must read for criminology/criminal justice majors
By Leigh Laughlin
This book has been used in several of my graduate-level criminology classes. It is essential for anyone who wants to truly understand the dangers of believing statistics without stopping to analyze them.

By Michael Gransee
Required for college

Filled with real world examples derived from media reports on crime trends and other sources, this fully updated Second Edition analyzes the specific errors that can occur in the three most common methods used to report crime: official crime data, self report, and victimization studies. For each method, the authors examine strengths and weaknesses, the fundamental issues surrounding accuracy, and the methods application to theoretical and policy research. Throughout the book, the authors demonstrate the factors that underlie crime data and illustrate the fundamental links between theory, policy, and data measurement.

About the Author
Clayton Mosher received his Ph.D. in Sociology from the University of Toronto, and is currently a Professor and Associate Chair in the Department of Sociology at Washington State University Vancouver. He is the author of several books and articles in the areas of inequality in criminal justice system processing, drugs and drug policies, and the impact of prison construction on employment. Besides co-authoring the Second Edition of *Drugs and Drug Policy*, he co-authored the Second Edition of *The Mismeasure of Crime* (SAGE, 2012) with Terance Miethe and Timothy Hart.
Terance Miethe received his Ph.D. in Sociology from Washington State University, and is currently a Professor of Criminal Justice at the University of Nevada-Las Vegas. He is the author of several books and research articles in the areas of criminal victimization, theories of crime, and criminal processing.
Timothy C. Hart received his Ph.D. in Criminology from the University of South Florida and is currently an Assistant Professor in the Department of Criminal Justice at University of Nevada-Las Vegas. His areas of interest include survey research, applied statistics, geographic information systems, and victimization. Prior to joining the faculty at UNLV, he worked as a statistician for the Bureau of Justice Statistics, and as a Program Analyst for the Drug Enforcement Administration. He is also founder and co-editor of *Crime Mapping: A Journal of Research and Practice*.
